

## FRIULCHEM TO PARTICIPATE IN THE THIRD EDITION OF THE “CHINA INTERNATIONAL IMPORT EXPO” (CIIE)

### A WORLD SHOWCASE FOR INTERNATIONAL PRODUCTS ON THE CHINESE MARKET

### FRIULCHEM WILL PRESENT THE SUPPLEO LINE, COMPLEMENTARY FEED DEDICATED TO SMALL ANIMALS

Milan, November 04, 2020 - **Friulchem S.p.A.** (AIM: FCM), an innovative SME and one of the leading Italian companies active at the international level in R&D and as a contract development and manufacturing organization (CDMO) producing finished and semi-finished products containing active pharmaceutical ingredients, with particular specialization in drug delivery for the veterinary sector, communicates that it will be present at the third edition of the China International Import Expo (CIIE), planned to be held at the Shanghai National Exhibition and Convention Centre (NECC) November 5-10, 2020.

Established by the Ministry of Commerce of the People's Republic of China and the Shanghai Municipal Government, with the support of Chinese institutions and international organizations, CIIE presents itself as the first fair in China dedicated to the import of products and services promoted by foreign exhibitors. The Chinese authorities have invested in the organization of the 2020 edition to give a strong signal of recovery of activity and consumption in China and to try to emerge from the serious global health emergency. The expo, therefore, represents a prestigious showcase for participants to present themselves to the Chinese world and interact with local business partners and relevant local government organizations. Chinese President Xi Jinping will attend the opening ceremony.

Friulchem will be among the 11 Italian companies included in the collective promoted by ICE (Foreign Trade Institute) and dedicated to the promotion of Made in Italy. Among other things, the company will present **Suppleo**, the range of high-quality complementary pet foods for dogs and cats based on Italian Fc-Cubes® technology patented by Friulchem.

The press release is available on the website: [www.friulchem.com](http://www.friulchem.com)

\*\*\*

**Friulchem (AIM:FCM)**, active for over 20 years in this sector, is now one of Italy's leading CDMOs (*Contract Development Manufacturing Organisations*) operating internationally in the *healthcare* sector through third-party research, development and manufacturing services for semi-finished and finished products including both active pharmaceutical ingredients and food supplements, with particular specialization in *drug delivery* systems for the veterinary sector, which represent Friulchem's excellence, as well as in the development of dossiers for generic medicines for human use. Friulchem is an innovative SME and B2B company which prides itself on its end-customer focus, and has deep Italian roots thanks to its manufacturing facilities in Vivaro (Pordenone) and administrative headquarters in Milan. The Company is strongly oriented towards R&D activities and boasts established relationships with leading multinational companies in the pharmaceutical sector.
